Suggestions:

- From Core Committee:
 - Rangoli should also be done prior to challengers as it is done for wall painting
- From Juniors:
 - Time to get the sponsors should be increased, at least 2 months in advance
 - Cultural and prize distribution should be done along with challenger.

Challenger 2025 on the whole was a successful event. Along with the event games, Branding and Sportsmanship were also given utmost importance. We hope that the cultural events would continue along with the games. The event should not only push for sports but also cultural.
